

# The Challenge..

I'm cycling (fighting) the 140 mile , 12,000 ft Dragon Ride through the Brecon Becons and Black Mountains on June 11th to raise money for the melanoma and renal cancer unit at Mount Vernon.

We are proud of our unit and the cutting edge clinical trials we are able to offer our patients. However our team of research nurses, study co-ordinators and research fellow are supported by the charity and without your help we would not be able to offer everything that we do.

I'm expecting to have been moderately singed by the dragon by the end of the ride (more details available here: <http://www.letapeuk.co.uk/wales>) but it is all in a good cause..

# Melanoma & Kidney Cancer Research

We've a lot to be proud of at Mount Vernon, our clinical trial activity enables our patients to gain access to many of the most promising treatments. We have an international reputation as being a leading group. Our research team of nurses and study co-ordinators depend in part upon charitable donations. We also wish to employ another research fellow to help drive our academic research projects.

Thank you for supporting our work which directly results in benefits for our patients. Donating through Just Giving is simple, fast and totally secure. Your details are safe with Just Giving - they'll never sell them on or send unwanted emails. Once you donate, they'll send your money directly to the charity. So it's the most efficient way to donate - saving time and cutting costs for the charity.

# How To Donate
